As well as the above I dealt with the following Regional events during the year:

229 Registered Road events over 108 days of the season

3 Track Leagues, each with two sessions (Winter and Spring)

5 Regional Track Events: Manchester

4 Grass Track events, all Border City Wheelers

There have been 1 of each Road and Track Commissaire Course with a Road Course and a MTB course planned for October in the Isle of Man. A Road Commissaire course is already planned for 20th February 2010 at the Velodrome. Letters will be going out to Club Secretaries, Members and various Websites in November with a reminder in January.

Looking forward to 2010, I can announce that, in addition to retaining most of the Major events above, the North West Region will be hosting the National Road Race Championships at Pendle.

Should the membership wish me to continue in this role, I will be happy to oblige.

I would also be happy to continue as a National Councillor
