> Policy:

> In support of this application I wish to continue as a member of the Regional Board and National Council as I feel I have a broad spectrum of experience and ideas to help develop cycling to all age groups and abilities not just to road racing but also to all disciplines and help broaden the spectrum of the Boards knowledge.

> The Region covers a very large area and the northern part of it where I live in Cumbria has a great deal to offer to both club members and private members alike and I would like to offer them a voice on the board.
